Annual Tree-Lighting

It was beginning to feel a lot like winter on Thursday night when a large gathering of townspeople came to Shipyard Park to enjoy the annual tree lighting. The large, beautifully shaped tree had been decorated by the Mattapoisett Brownies and the grade school art classes who festooned the skirts of the town tree as high as they could reach. Chairman of Selectmen Bernard Talty greeted the throng and introduced the Old Ham-

mondtown School Band, directed by Stan Ellis.

The young musicians performed admirably through a medley of Christmas carols, defying the cold that surely was nipping lips that were attached to brass mouthpieces. The renditions were excellent and enjoyed as the tree was lit for the first time.

Settling in for discussion of the list

The arrival of Santa Claus on Engine 2 of the Mattapoisett Fire Department was greeted with enthusiasm as children lined up to present their wish lists to the "jolly fellow" who came assisted by two of his cutest helpers.

The party then drifted into Romeo's and across the street to the Mattapoisett Inn for refreshments. Thanks to them, the Shipyard Galley and the Mattapoisett Woman's Club, it was a delicious cap to the enjoyable evening.

The town owes a note of thanks to the Carl Wagners of North Street for the donation of the tree, to Bette Roberts who directed the group singing, to the Mattapoisett Highway Department, the Rescue Squad, Paul Kelley and Kenny Pacheco who set up the tree and installed the lights, the Brownies and art students who made the decorations and trimmed the tree, the Old Hammondtown musicians and to Selectman John DeCosta who installed the speaker system and did many other jobs as needed.

The evening was a great success due to so many helping hands and the tree will remain to be a focal point through the holiday season.

Accounting Services Discussed

MATTAPOISETT SELECTMEN'S MEETING
DECEMBER 5, 1989-by VIRGINIA MORGAN

Citing a directive from voters at the November special town meeting to do something about the town's lack of a town accountant, Selectmen last Tuesday met with the Personnel Board to discuss the problem. Selectmen Chairman Bernard F. Talty said the Board has received two proposals from accounting firms seeking to furnish the town with accounting services until a full-time accountant is hired.

At the present time the accounts are being handled temporarily by Michael J. Cicoria, CPA. Chairman Talty said "we have to do something, and we should be willing to pay extra to keep someone. The financial situation is getting more complicated. If we don't get state aid in January we can be in real trouble with our schools and town employees. We need a good accountant who can save us money in the long run."

The proposal from Mr. Cicoria of Bourne is to furnish consulting services to the Town Accountant's Department for an estimated 208 to 312 hours to update the accounting records from July 1, 1989 through December 31, 1989. The firm's fee for the fiscal year 1990 consulting services will be billed on an actual hourly basis at $50. per hour, which is $10. below the regular billing rate of $60. per hour. "In order to keep fees to a minimum we will review with town officials the areas of

work that we feel can be completed by town personnel."

The second proposal was received from Peat Marwick Main and Company of Boston. The firm estimates it will take eight weeks to stabilize the accounting system through the period ending December 31, 1989. This firm's fees would be based upon the amount of time spent on a project and the level of staff assigned. In addition, they would be reimbursed for out-of-pocket expenses. Based upon the work plan, they estimate their professional fees and expenses will not exceed $12,000.

Selectmen's Administrator Lois K. Ennis said both companies are well respected and have excellent references. It was noted Mr. Stephen J. Lombard, member of the Personnel Board and the Executive Administrator for the town of Norton, highly recommended Peat Marwick Main and Company who is presently servicing the town of Norton.

Personnel Board members Ridgeway Crouch, Chairman, Mr. Lombard and Robert Fay met with Selectmen and reviewed the computer printouts on the town employee wages, step increases and anniversary (merit) increases being adjusted from July 1 of the new fiscal year.

Selectmen Talty and John DeCosta and the Personnel Board thanked Rachel Jupin, the new Administrative Assistant, for her work on lining up the figures and preparing the computer printouts in conjunction with

In other business, Selectmen:

MET WITH Mr. John Thompson of the Cafeteria Plan Inc. to discuss the health insurance proposal for town employees.

Briefly, the Cafeteria Plan is an administrative procedure, in which certain employee expenses that are normally paid with after tax dollars may be paid with pre-tax dollars. CAP will provide the payroll department with all the necessary adjustments to payroll for those employees in the Plan; CPA, Inc. will receive the budgeted amounts from the employer and deposit these amounts in a trust account; CPA will process vouchers received from the employees to reimburse the employee or pay the vendor direct. Several additional services will also be included.

Mr. Thompson said he would like to meet with as many department heads as possible when Selectmen have given approval to proceed. "We will provide a complete turn-key operation. We just need a coordinator to work with the town." Mr. Thompson added that the town of Fairhaven has just adopted the Cafeteria Plan.

Mr. Talty noted the major employer is the school department; followed by the police department, the Town Hall with 10 employees; the highway department with 6; the water department with 5 and the landfill with 1. The Selectmen asked Mr. Thompson to return next Tuesday when Selectman William F. Hubbard is expected

RECEIVED A LETTER from Mr. William A. Wood of Pigwacket Lane, saying he objected to the manner in which the wharf rate changes, rules and regulations have been adopted by the Board of Selectmen.

In his letter, Mr. Wood writes, "I am shocked by the letter I have received from the Harbormaster, regarding the changes in the wharf rates, rules and regulations as adopted by the Board of Selectmen. The Harbormaster's letter is written as if the rates, rules and regulations are in fact in effect by decree from the Selectmen.

"What I would like to know is when did town meeting give the Selectmen this power; or have you taken it upon yourselves to grab it, thinking that no one in town is awake. I for one do not believe that the town meeting's rights can be usurped by your board. In the past, the town meeting voted to increase and/or change the rules and regulations. Please show me where this has been changed and by what authority.

"May I suggest that a meeting with you and all of us directly affected by these amendments be scheduled so that we may have some input prior to an article being drafted for town meeting."

Mr. Talty responded to the letter saying Selectmen received the authority on March 8, 1989 from Town Counsel Donald J. Fleming in which he cited State General Law C88, s 19 authorizing the Selectmen to adopt changes.

Mr. Wood, who was present at the meeting, commented on the Chairman's remarks, saying "In past practices town meeting has set wharf regulations and fees; Selectmen

should put it in the warrant. How can past practices be wiped away by town counsel's opinion; it affects a lot of people on the wharf." He asked again for a meeting for all those affected by the changes.

Chairman Talty said a Wharf Committee studied the rules; then the Selectmen implemented them. He said most boatyards have winter and summer rates. "Our rates of $20. per foot is less than half of what private marinas get; the sub-committee recommended $40. per foot." He added that a sub-committee meeting will be held soon and Mr. Wood and others who have space at the wharf will be notified to attend.

RECEIVED A LETTER from Katherine Harrington Pillsbury citing her concerns for the proposed change in zoning laws favoring the Mattapoisett Boat Yard on Ned's Point Road.

Chairman Talty noted the Board will meet December 19th with the Planning Board to discuss the many letters it has received on this issue.

Dollars for Scholars

A THANK YOU

MMR "Dollars for Scholars" would like to thank the following merchants for their participation in our Cup Plate fundraiser for the past six years: Seaport Pharmacy in Mattapoisett, The Sitting Duck in Marion and Country Charm Flower Shoppe in Rochester.

These merchants unselfishly have sold the cup plates for MMR for the past six years. Through their spirit of cooperation the scholarship fund has continued to support students in post-secondary education. The efforts of these merchants is greatly appreciated.

The plates will no longer be available at the above locations, but will be available at closeout prices through the student organization of "Dollars for Scholars" - dates and times of availability will be published in the Presto Press and The Sentinel.

THE FLEX-TITE WINSULATOR:
A COST-EFFECTIVE WINDOW SYSTEM
THAT INSULATES EXISTING WINDOWS.

Problem windows can be found in about 80% of American homes and businesses. Winsulator is the solution, protecting against:

- drafts
- condensation
- noise
- high utility bills
- dust and pollen

The Flex-Tite Winsulator is not a storm or prime replacement window. It's a magnetic interior insulating window that installs over the existing window cavity. Yet its performance rivals prime replacement windows — for about ¼ the cost.

A HOLIDAY MESSAGE
TO THE RESIDENTS OF MARION

Please save your glass bottles (wine, liquor, etc.) for recycling. Please rinse, remove all metal caps and rings, and take the bottles to the glass collection bins at the Transfer Station (Dump), Benson Brook Road.

Also, please purchase items in glass containers instead of plastic, and use paper products instead of styrofoam. In doing this you will save water and energy, reduce air pollution and save our diminishing resources.

Best of all, you will be giving a lasting gift to your family now and for generations to come ... a cleaner, safer, more healthy world.

TOPPING IT OFF

Our forefathers nailed a tree to a newly raised roof as a symbol of thanks to the forest for the lumber it had given them. Concluding a frigid week or so on the Grange Hall roof, Bruce Rocha's crew has planted what is probably as much a symbol of victory as they repair to more comfortable working conditions to do the cupola. The octagonal upper bell tower that will finish the work will be built now at ground level.

Display Grows with the Years

The Christmas season is filled with nostalgia and the traditions which link the generations. This display in the home of Delfina Frasier of Fairhaven Road, Mattapoisett is one of those poignant links to the past. Each year Mrs. Frasier builds this scene on a table in her living room as a foreground for the family Christmas tree. The figures are a mix of the old,

handed down from Mrs. Frasier's mother, to the new (some carved out of shingles by Mrs. Frasier). The color and the arrangement of the little figures have a memory link that bring Christmas past to life for the family and interest to visitors during the holiday which extends into January, a Portuguese tradition to the season of gifts around the 5th of January.

Long Plain Baptist Church

CHRISTMAS WORSHIP & CANTATA

Christmas comes to the Long Plain Baptist Church of Acushnet in many forms and several styles. But the underlying message remains the same, "Joy to the World! The Lord is come!"

Christmas Family Worship is celebrated on Sunday, December 17th, at 10:15 a.m. The setting is anyone's living room and the congregation becomes the family. Heather and Heidi Deschamps will provide an instrumental call to worship. Carols are sung by all. The Ashley family ministers in song. Eric Arruda reads the familiar story of Christ's birth. The message theme of the day is "When the Time Was Fully Come, God Sent His Son".

On Christmas Sunday, December 24th, two specials will focus on the incarnation of Christ. At the 10:15 a.m. service, the Cantata Choir presents Roger Strader's Christmas musical, "The King of Love", under the direction of Kymberly Ashley. Then, on Christmas Eve at 6:00 p.m., a cast of youth and children perform "The Mall and the Night Visitor". The action takes place in a mall where an angel disguised as Sherlock Jones tries to find the spirit of Christmas.

The community is invited to join the local congregation to celebrate the birth of Christ on the Long Plain.

The Town Hall will be decorated with Christmas trees. The Improvement Association's Beautification Committee, of which Myra Lopes is chairman, is in charge of this event.

At 7 p.m. there will be a sing-along on the Town Hall steps led by Steve Rogers, Fairhaven musician and teacher. Refreshments will be served inside the Town Hall. Dr. Martha Cummings is president of the Improvement Association and Michelle Zingara-Crotty of the Historical Society.

The annual sing-along is believed to have been initiated many years ago by Henry Huttleston Rogers, town native and benefactor. Everyone is invited.

ins and outs of the Zeiterion Theatre.

After starting four years ago as box office manager, Mr. Liddell, 30, has steadily risen through the ranks to education and group sales coordinator to assistant director/ director of marketing.

Beginning January 1, Mr. Liddell will take over as executive director, replacing Robert Freedman who is leaving to become managing director of American Music Theatre Festival in Philadelphia, PA. Mr. Freedman served as executive director of the Zeiterion Theatre for the past five years.

"I don't think it would have been possible to find a more qualified individual to continue the excellent work taking place at the Zeiterion Theatre", said Thomas N. Bucar, President of the theatre's Board of Trustees. "There was full consensus of the board in approving this appointment." Board members announced Mr. Liddell as executive director last week.

While director of group sales and educational program coordinator, Mr. Liddell increased group sales 500 percent. Under his guidance, attendance at the Zeiterion's School-Time Performance series grew to over 41,000 children from communities all over southeastern New England.

Mr. Liddell was appointed assistant director in March 1989 during the "Save the Z" campaign, which raised over $200,000 for the theatre. As assistant director, he was responsible for overseeing all marketing efforts for the Zeiterion's programs. He also supervised daily box office operations and the public relations department. While assistant director, he continued to serve as the educational coordinator for the school-time series.

As director Mr. Liddell's primary responsibilities will include programming for the theatre and overseeing fundraising activities, as well as supervising daily financial operations.

Before coming to the theatre Mr. Liddell

Coalition for Buzzards Bay

ANNUAL MEETING

The annual meeting of the Coalition for Buzzards Bay on December 3rd was sparked by the whirlwind visit of keynote speaker U.S. Senator John F. Kerry, an update on coastal issues by Director of Massachusetts Coastal Zone Management Jeffrey R. Benoit, the presentation of the Coalition's new Guardian Award, the unveiling of a traveling photo exhibit and the election of officers and directors.

Senator Kerry focused on environmental disasters in our country and around the globe, noting that while Earth Day in 1970 heightened consciousness we are actually worse off today in terms of the quality of water, air and land use. He stated, "Yes, it's going to be expensive to clean up the environment, but it will cost much more in terms of money and public health if we wait till later." He added, "We are entering a period of environmental confrontation that could conceivably rewrite history." The Senator commented on the "solemn responsibility" of all citizens to clean up and protect their own areas and said of the Coalition, "You really are the vanguard, the pioneers in a sense, at a

time when we need hundreds and thousands of pioneers." A leading sponsor of Earth Day 1990, set for April 22, Senator Kerry predicted "This will be the largest single human expression of alarm and commitment ever seen on our planet."

Director Benoit updated the 100 persons at the luncheon, held at Days Inn, New Bedford, on what Coastal Zone Management is achieving in aggressive protection of our coastline, and emphasized that the upcoming management and implementation plan for Buzzards Bay will be the first in the nation, a model for other estuaries to follow. The Buzzards Bay Project has been in place since 1985 as a joint Federal and State effort to bring forth workable, comprehensive remedies for the clean-up, restoration, and protection of the entire Bay region.

The Coalition presented its new Buzzards Bay Guardian Award to four environmental leaders for their "outstanding service in the stewardship of this magnificent estuary entrusted to our care": New Bedford Mayor John K. Bullard, Natalie F. Garfield of Dartmouth, Victor Brunette of Fairhaven and Anne Dewees of Falmouth.

Photos of Buzzards Bay and its shores, taken by Southeastern Massachusetts University students, were unveiled for the first time. The exhibit will travel to all the towns

around the Bay and to the State House to underscore the urgency of personal responsibility in caring for the Bay, as well as the necessity of public officials on all levels to fulfill their duty in protecting the environment.

Retiring president of the Board Seth Garfield and executive director Marion McConnell reported on achievements of the past year and new projects underway. The latter include work on an oil spill contingency plan for the Bay, in concert with the U.S. Coast Guard, Coastal Zone Management, Congressman Gerry Studds and local officials; a broad public education effort throughout the watershed on septic systems and marine pump-outs; the second annual Environmental Report Card, with heavy emphasis on enforcement in the twelve communities most impacting the Bay; expansion of membership to 1,000 by June 30, 1990; and continuing input on local issues that affect the Bay directly and indirectly.

Small Business Round Table

The New Bedford Area Chamber of Commerce's Small Business Committee is now conducting a Small Business Round Table once a month at the Chamber office. The Small Business Round Table is a confidential, non-competitive group of business people, who draw on each other's knowledge, skills and expertise as an innovative way to solve everyday business problems. The Round Table is an educational and informative experience as well as an excellent networking opportunity. Also, highlighted each month is a speaker to discuss business or community related issues followed by a question and answer period.

On December 20th Dr. Bruce Rose will speak on the issues of equal opportunity and affirmative action.

The Round Table is open to anyone who would like to attend, and there is no fee for participation. The group meets from 7:45 a.m. to 9:00 a.m. at the Chamber office.

To R.S.V.P. or for more information please contact Linda Mariorenzi, 999-5231.

ANNOUNCEMENT
I regret to announce that the Mattapoisett Office will be closed effective Monday, January 1, 1990. This is due to the fact that Dr. Brengle will be leaving the practice next summer and I find that I cannot keep two offices running by myself. Appointments that were already made will be honored in the Wareham Office. I am trying to recruit another Internist to replace Dr. Brengle, but I have found no one at this time.
I apologize to our Mattapoisett patients who will be inconvenienced by this change. I hope the drive to the Wareham Office will not be too difficult.

eye talk

Q. This holiday season, how can we avoid buying toys that might injure our children's eyes?

A. Match the toy to the child's age and maturity level. Don't rely entirely on manufacturers' suggested levels, which are broad.

Avoid giving younger children toys that shoot a projectile; games using darts or arrows (even suction cups may come off); or toys that fly in the air.

Give older children industrial-strength safety goggles with chemistry sets, hobby kits, workshop tools, rifles and BB guns.

Avoid helmets with face shields, toy goggles or toy glasses that don't meet federal standards for impact resistance. Check labels for all toys for stated eye hazards.

Set ground rules for play with toys that could cause eye injuries, such as dart games or BB guns, and supervise the play.

recently attended a career day at Braintree Rehabilitation Hospital. The program was designed especially for vocational students and a chance for students to explore various occupations in the field of health such as human resources, occupational therapy, nursing, social services, speech pathology and many more. A special tour of the facility's physical therapy gymnasium was also given. Braintree Hospital is one of the largest rehabilitation facilities in the state of Massachusetts with satellite facilities in Fairhaven, Fall River and Plymouth.

Instructors Claudia L'Abbe and Joyce Lawrence both agreed that the facility was worth seeing, and that all students had a revised enthusiasm for their future goals in the health field.

Rollerblade®

for the skater who wants to fly.

Hard to believe, but the first in-line rollerskate was invented in the early 1700s. It wasn't until the 1980s that the wheel was reinvented and Rollerblade took off, resulting in fitness, fun and high-intensity outrageousness. Train for ice skating, condition for cycling, get up a Rollerblade hockey game, push the baby carriage .. Don't stroll, roll.
